I'm writing this to inform you that we, as a team, will keep our wastewater facility up and running. We would also appreciate your help with doing this. Please only flush toilet paper down the toilet. The flushable wipes and paper towels wreak havoc on our machines at the plant. They do not start breaking down as soon as you flush them as advertised on all the packages. So in order to keep the process flowing smoothly, we need everyone's help.

Thank you,

Misty Barnes
