

The City of Buhl Water Department

Our Water Treatment Plant is fully operational. Our mission is to deliver safe drinking water to the citizens of Buhl. Part of our daily routine is to test the water at the plant and out in town to ensure water quality. We have plenty of supplies to operate and maintain our system well into the future. If there are any questions or concerns please call the Water Department during normal working hours Monday – Thursday @ 208-293-8753. Our after hours EMERGENCY # 208-308-5422.

AJ Gray

Water Superintendent
