

CITY COUNCIL SPECIAL MEETING

APRIL 29, 2024
203 Broadway Ave N

PRESENT:

Pam McClain	Mayor	Autumn Jones	Treasurer
Michael Higbee	Council President	Jason Scott	Public Works Director
Kelly Peterson	Council Member	Scott Bybee	City Engineer
Amanda Hawkins	Council Member	Andrew Wright	City Attorney
Marla Sisson	Council Member	Chuck Drown	Water Superintendent
Karen Drown	Clerk		

PLEDGE OF ALLEGIANCE

CONFIRMATION OF QUORUM:

Karen Drown confirmed a quorum.

A tour of the water treatment facility took place. Items viewed included the arsenic filter material that had been removed from one filter. Council was shown the chemical room and safety issues that currently exist with chemicals. Chuck described the water system into the plant and the process to chlorinate and filter. He then showed the condition of the filter and talked about the maintenance needed. He also explained the design and how the arsenic filters work. He reviewed the computer controls and how operators use those to monitor and control the plant. He detailed the current operator's licenses and future testing schedule for the treatment and distribution system operations. The backflow system requirements were reviewed and Council was told that backflow testing compliance is going to be increased in the future. Karen noted those requirements are already in place in city code but enforcement of that will be addressed.

Amanda moved to adjourn the meeting. Michael seconded the motion. All voted aye. The meeting was adjourned at 7:51 p.m.

Minutes prepared by Karen Drown, City Clerk
